

Agile-A-Thon

An Agile Virgin Event

Report of First Edition (May 2018 – July 2018)

About

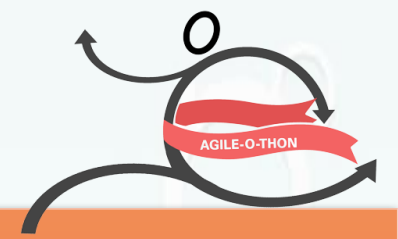

AgileVirgin is an Agility Solutioning Boutique and Agile-A-Thon is its attempt to build and nurture Agile Community across India.

Agile-A-Thon is a 8 sprints (each of timebox 1 week) long Learning, Contesting and Winning Marathon for Agilists around the world

Each Sprint has a Goal in the form of a Problem statement or a Question. Participants submit their Solutions corresponding to that, and with the help of 15 Agility Experts, who have served Industry for more than a decade, the best solution, and marking of all the solutions were done.

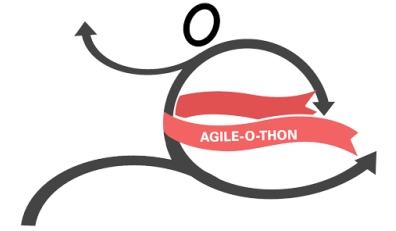

Each Sprint had a winner, and then winner for over all event was declared. You can check all the rules & details here: <https://agileathon.agilevirgin.in/sprint-details>

Sprint Goals

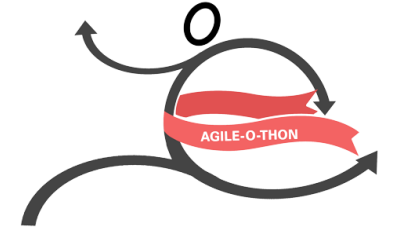

Sprint	Goal
1	What is the right model for performance assessment and rewarding in an Agile Organisation?
2	As an Agile Coach or Consultant, how do you convince your leadership that agile is way forward - what all should be done and avoided. Tip: Try to give approaches as internal Coach, as well as an external Consultant. Who will two differ in approach.
3	How do you make choice between SCRUM and Kanban? When and Where to use one of these? Tip: Do give some sample boards, based on scenario.
4	Art of Good Story Writing and Splitting.
5	In Agile PM, how do you manage Schedule and Scope Tip : Think how you will use tools and techniques like - MVP, Roadmap, Story Mapping.
6	Metrics/Reports in Agile World, that SM creates and uses in Agile PM Tip: Please talk about all sorts of matrices, whether it's for Team level or Top leadership level or even for ScrumMaster's personal use, to track team's growth. Please think of all matrices that an SM will create for himself and for his team, leadership and Org.
7	How will you plan Agile Transformation for an Organisation, which you are coaching for the first time. Tip: Think of an unbiased way, where you are trying to engage a client/organisation, and help them find path to Agility. How will you start and what high level plan will you create? What steps will you take?
8	Result assessment and declaration
